DETAILED ACTION

Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: The references cited have neglected to teach and to make obvious an integrated fluid flow, temperature and pressure sensor, the sensor comprising control means located within the body, and coupled to the heating means and to the temperature determining means; signal processing means located within the body, and coupled to the control means, to the temperature determining means, and to the pressure sensing means, for processing the flow signal, the temperature signal, and the pressure signal, for generating digital signals representing the flow, the temperature, and the pressure, for transmission over a digital signal transmission path.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
